

How to Create Courses for Independent Study

1. There is a standing procedure that 99, 199 and 299 courses can be created without going through Curriculum Committee.
2. The Banner Officer can create the courses in Banner.
3. They also don't need to be in Curriculum Central or the catalog.
4. Independent Study courses do not need to be in Curriculum Central since each instructor determines the course content depending on the student's needs.
5. Page 204 of the catalog (AY 2014-2015) explains Independent Study well enough for students to know that this is an option.
