MEMORANDUM

To: Manuel J. Cabral
   Chancellor

From: Michael H. Pecskok
      Vice Chancellor for Academic Affairs

RE: Catalog Updates to AS in Accounting and AS in Management

The Accounting and Management Programs approved curriculum changes for the Natural Science elective to ensure that only DB or DP courses are taken. The Accounting Program also modified their curriculum to specify only DA or DH courses for the Arts & Humanities elective. Since there is a list of disciplines that can be used for general education electives for CTE programs, it has been requested that the language in the catalog be updated to eliminate reference to “Arts and Humanities Elective” and “Natural Science Elective”.

These changes have been made to the catalog, and the Program Coordinators will need to submit a program modification next year to reflect the change.

- For Accounting and Management, the text “Natural Science Elective” has been deleted. The catalog now indicates “DB or DP” only.
- For Accounting, the text “Arts and Humanities Elective” has been deleted. The catalog now indicates “DA or DH” only.

Approved/Disapproved:
