Curriculum Committee Report to the Faculty Senate

January 20, 2016

The Curriculum Committee approved the following curriculum requests, course proposals, and program proposals and asks the Faculty Senate to accept the committee’s recommendations.

Courses

New Courses

BIOL 200L - Coral Reefs Laboratory (1 credit)
New
Justify the need for the course:
BIOL 200 has been offered at Leeward CC for the past 13 years. Currently, the course serves 20 students per semester and fulfills 4 credits for the Marine Option Program and the DY requirement for the Associate in Arts Degree, Associate in Applied Sciences and all Associate in Science Degrees. BIOL 200 will be decoupled from a four-credit course to a 3-credit class (BIOL 200) and 1-credit lab (BIOL 200L). This new course (BIOL 200L) will fulfill the DY requirement previously fulfilled by the 4-credit BIOL 200 course.
Prerequisites:
ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100
Corequisites:
BIOL 200
Recommended preparation:
None
Action: 18 Approved, 0 Disapproved, 0 Abstained

BOT 130L - Plants in the Hawaiian Environment Laboratory (1 credit)
New
Justify the need for the course:
The course has been offered at Leeward CC for over 15 years. Currently, the course serves 60-100 students per semester (3 sections, 20 students per section).
Prerequisites:
ENG 22, or ENG 24, with a grade of C or better or equivalent or instructor approval
Corequisites:
BOT 130
Recommended preparation:
None
Action: 19 Approved, 0 Disapproved, 0 Abstained
CHEM 100 - Chemistry and Man (3 credits)
New
Justify the need for the course:
CHEM 100B, the coupled lecture/lab version of this course is offered and runs almost every semester.
Prerequisites:
MATH 82 with CR or C or better or equivalent
Corequisites:
None
Recommended preparation:
Concurrent registration in CHEM 100L
Action: 19 Approved, 0 Disapproved, 0 Abstained

CHEM 100L - Chemistry and Man Laboratory (1 credit)
New
Justify the need for the course:
CHEM 100B, the coupled lecture/lab version of this course is offered and runs almost every semester.
Prerequisites:
"C" or better or concurrent registration in CHEM 100
Corequisites:
None
Recommended preparation:
None
Action: 19 Approved, 0 Disapproved, 0 Abstained

CHEM 151 - Elementary Survey of Chemistry (3 credits)
New
Justify the need for the course:
CHEM 151B, the coupled lecture/lab version of this course is offered and runs every semester.
Prerequisites:
MATH 82 with CR or C or better or equivalent
Corequisites:
None
Recommended preparation:
Concurrent registration in CHEM 151L
Action: 18 Approved, 0 Disapproved, 0 Abstained

CHEM 151L - Elementary Survey of Chemistry Laboratory (1 credit)
New
Justify the need for the course:
CHEM 151B, the coupled lecture/lab version of this course is offered and runs every semester.
Prerequisites:
"C" or better or concurrent registration in CHEM 151

Corequisites:
None

Recommended preparation:
None

Action: 17 Approved, 0 Disapproved, 0 Abstained

HORT 110L - Hawaii Horticulture & Nutrition Lab (1 credit)

New

Justify the need for the course:
The course has been offered at Leeward CC for over 15 years. Currently, the course serves 20-40 students per semester (2 sections, 20 students per section).

Prerequisites:
ENG 22, or ENG 24, with a grade of C or better or equivalent.

Corequisites:
HORT 110.

Recommended preparation:
None

Action: 19 Approved, 0 Disapproved, 0 Abstained

PHYS 100 - Survey of Physics (3 credits)

New

Justify the need for the course:
PHYS 100B, the coupled lecture/lab version of this course is offered and runs every semester.

Prerequisites:
MATH 82 with a grade of CR or C or better, or higher. Concurrent enrollment in or prior completion with a grade of C or higher in PHYS 100L.

Corequisites:
None

Recommended preparation:
None

Action: 16 Approved, 0 Disapproved, 0 Abstained

PHYS 100L - Survey of Physics (1 credit)

New

Justify the need for the course:
PHYS 100B, the coupled lecture/lab version of this course is offered and runs every semester.

Prerequisites:
"C" or better for or concurrent registration in PHYS 100.

Corequisites:
None

Recommended preparation:
None
ZOOL 101L - Principles of Zoology Laboratory (1 credit)
New
Justify the need for the course:
ZOOL 101 has been offered at Leeward CC for over 20 years and serves as a DY requirement for the AA Liberal Arts Degree.
Prerequisites:
ENG 22 with a grade of C or better or equivalent, or ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100.
Corequisites:
ZOOL 101
Recommended preparation:
None
Action: 19 Approved, 0 Disapproved, 0 Abstained

ZOOL 141 - Human Anatomy and Physiology I (3 credits)
New
Justify the need for the course:
The ZOOL 240 course has been taught for decades at Leeward CC. It also serves as a DB requirement for the AA Liberal Arts Degree. This course addresses the needs of students in the Leeward coast area and its community need for health care professionals. Preparing students for the health field would meet community demand.
Prerequisites:
ENG 100 with a grade of C or better or equivalent. CHEM 151 or CHEM 161 or BIOC 141 with a grade of C or better, or 1 year of high school college-prep chemistry with a B or better within the last 5 years. Concurrent or prior credit in HLTH 125.
Corequisites:
Concurrent enrollment in ZOOL 141L (Human Anatomy and Physiology Lab I).
Recommended preparation:
Strongly recommended, MICR 130, or BIOL 101 with a B or better.
Action: 18 Approved, 0 Disapproved, 0 Abstained

Corequisites:
Concurrent enrollment in ZOOL 141

**Recommended preparation:**
Strongly recommended, MICR 130 or BIOL 101 with a B or better.

**Action:** 18 Approved, 0 Disapproved, 0 Abstained

**ZOOL 142 - Human Anatomy and Physiology II (3 credits)**
New

**Justify the need for the course:**
The previous course is ZOOL 241 and it has been offered at Leeward CC for decades. This ZOOL 142 course addresses the needs of students in Leeward coast area and its community need for health care professionals. Preparing students for the health field would meet community demand.

**Prerequisites:**
ZOOL 141 and ZOOL 141L with grades of C or better or equivalent.

**Corequisites:**
Concurrent enrollment in ZOOL 142L

**Recommended preparation:**
Strongly recommended, MICR 130, or BIOL 101 with a B or better.

Course Modifications

**ANTH 215 - BIOLOGICAL ANTHROPOLOGY (3 credits)**
Modification
Rationale for Change:
This modification in title is to reflect UH Manoa's and UH West Oahu's switch from Physical Anthropology to Biological Anthropology.
New Prerequisites:
ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100
Previous Prerequisites:
ENG 21 or ENG 22, or ENG 24, with a grade of C or better or equivalent.
Corequisites:
Concurrent enrollment in ANTH 215L.
Recommended preparation:
None
Action: 19 Approved, 0 Disapproved, 0 Abstained

**ANTH 215L - BIOLOGICAL ANTHROPOLOGY LAB (1 credit)**
Modification
Rationale for Change:
This modification in title is to reflect UH Manoa's and UH West Oahu's switch from Physical Anthropology Lab to Biological Anthropology Lab.
New Prerequisites:
ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100
Previous Prerequisites:
ENG 21 or ENG 22, or ENG 24, with a grade of C or better or equivalent.
Corequisites:
Concurrent enrollment in ANTH 215.
Recommended preparation:
None
Action: 13 Approved, 0 Disapproved, 0 Abstained

**BIOL 200 - CORAL REEFS (3 credits)**
Modification
Rationale for Change:
The modification allows the course to align with the current courses taught at UH Maui College, and Windward CC.
New Prerequisites:
ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100
Previous Prerequisites:
A grade of "C" or higher in ENG 21 and 22, or ENG 24, or equivalent.
New Corequisites:
BIOL 200L

Previous Corequisites:
None

Recommended preparation:
None

Action: 18 Approved, 0 Disapproved, 0 Abstained

BOT 130 - PLANTS IN THE HAWAIIAN ENVIRONMENT (3 credits)

Modification

Rationale for Change:
The modification allows the course to align with the current courses taught at Hawaii CC, UH Maui College, Windward CC, and Kapiolani CC.

New Prerequisites:
ENG 22, or ENG 24, with a grade of C or better or equivalent or instructor approval

Previous Prerequisites:
ENG 21 and ENG 22, or ENG 24, with a grade of C or better or equivalent.

New Corequisites:
BOT 130L.

Previous Corequisites:
None

Recommended preparation:
None

Action: 19 Approved, 0 Disapproved, 0 Abstained

CE 270 - APPLIED MECHANICS I (STATICS) (3 credits)

Modification

Rationale for Change:
Data was needed to fill in previously blank fields.

New Prerequisites:
PHYS 170 (C or better) and MATH 231 credit (C or better) or concurrent registration

Previous Prerequisites:
PHYS 170

Corequisites:
None

Recommended preparation:
None

Action: 19 Approved, 0 Disapproved, 0 Abstained

CE 271 - APPLIED MECH II (DYNAMICS) (3 credits)

Modification

Rationale for Change:
Data was needed to fill in previously blank fields.

New Prerequisites:
CE 270 (C or better) and MATH 232 credit (C or better) or concurrent registration

Previous Prerequisites:
DMED 251 - MEDIA ENTREPRENEURSHIP (3 credits)
Modification
Rationale for Change:
To update the corequisites, recommended preparation, and several other fields.
Prerequisites:
ART 112 with a grade of "C" or better, or instructor consent.
New Corequisites:
None.
Previous Corequisites:
Concurrent or prior credit in DMED 200
New Recommended preparation:
DMED 261: Digital Media Marketing
Previous Recommended preparation:
DMED 160
Action: 16 Approved, 0 Disapproved, 0 Abstained

DMED 261 - DIGITAL MEDIA MARKETING AND ONLINE DISTRIBUTION (3 credits)
Modification
Rationale for Change:
To update the prerequisites, corequisites, recommended preparation, and several other fields.
New Prerequisites:
ENG 22 with a grade of C or better or equivalent, or ENG 24 with a grade of C or better or equivalent, or qualified for ENG 100, or consent of instructor
Previous Prerequisites:
DMED 131 Introduction to Digital Video with grade of "C" or better or consent of instructor.
New Corequisites:
None.
Previous Corequisites:
Concurrent or prior credit in DMED 200
New Recommended preparation:
DMED 131 Introduction to Digital Video
Previous Recommended preparation:
DMED 132
Action: 16 Approved, 0 Disapproved, 0 Abstained
EE 150 - INTRODUCTION TO COMPUTER PROGRAMMING METHODS (3 credits)
Modification
Rationale for Change:
Data was needed to fill in previously blank fields.
New Prerequisites:
C or better in MATH 140, or equivalent
Previous Prerequisites:
MATH 140 or equivalent
Corequisites:

Programs

New

Hawaiian Language (ASC)
New
Justify the need for the program:
Need was established when Kamehameha Schools approached the Waianae Education Center about employees wanting to take Hawaiian Language classes, and earn a Certificate as part of their Professional Development. The Native Hawaiian counselor, said that have students interested in earning a Hawaiian Language Certificate as part of their education plan at Leeward CC. Because the proposed certificate includes only two additional classes not currently required in the Hawaiian Studies Certificate, students can also enroll in the additional two Hawaiian Language courses in order to earn that additional certification.

**Program Modifications**

**Creative Media (ASC)**

**Modification**

**Proposed change:**
Deletion of ART 115, Introduction to Design as an option in the Design and Illustration category for both specializations.

**Rationale for Change:**
ART 115, Introduction to Design has not been offered by the Art Department for several years.

**Action: 16 Approved, 0 Disapproved, 0 Abstained**

**Digital Media Production (AS)**

**Modification**

**Proposed change:**
Deleted Specialization in Video Games.
In the Specialization for Digital Photography, ART 115, Introduction to Design is replaced by ART 115D, Digital Design.

**Rationale for Change:**
The deletion of the Specialization in Video Games was done since it was found that the coursework in this specialization was not substantive enough to develop the comprehensive skills necessary to compete in this field.
The need to replace ART 115, Introduction to Design to ART 115D, Digital Design is because it was discovered that ART 115 has not been offered by the Art Department for several years. Additionally, the content in the digital design course is more current and appropriate for the Specialization in Digital Photography.
Digital Media Production (CO)
Modification
Proposed change:
DMED 113 Intro to Layout Design is replaced by ART 221 Design for Print and Web.
Rationale for Change:
The change is necessary to reflect the modification that occurred in Fall 2014, when DMED 113 Intro to Layout Design was converted to ART 221 Design for Print and Web. This was in response to meet a system-wide mandate to make uniform the course alpha’s of similar courses taught throughout the UH system.

**New:**
Oral Communication (OC): 1 course
These courses will give students explicit training, in the context of the class, in oral communication concerns relevant to the assignment or activity. Courses fulfilling this requirement are offered in departments across the curriculum. Approved sections are identified in the College’s Class Availability with an "OC" on the left hand column and the letter "OC" preceding the title; offerings vary each semester. Courses designated "OC" fulfill the OC Focus requirement at Leeward CC, but not at UH Manoa. UH Manoa requires a 300 level OC-Focus course for graduation. All approved OC-Focus courses from UH Manoa, UHWO, or any community college, will meet the Leeward CC OC-Focus graduation requirement.

**Old:**
Oral Communication (OR): 3 credits
Students receive training in oral delivery and give individual and group oral reports. Oral Communication is a Leeward Community College requirement. It is not the same as UH Manoa’s "O" or "OC" requirement.

**For changes in the Foundation courses, see:** http://www.hawaii.edu/offices/app/aa/afc/
For changes in the Diversification courses, see:
https://sites.google.com/a/hawaii.edu/leeward-cc-diversification-board/list-of-diversification-courses

For changes in the Focus courses, see: their respective websites and/or reports.

Other changes:
Field #1: Removed: "Help students to attain their goals through high-quality career and technical education."
Field #3: Removed: "Some DB and DP courses have a lab embedded."

Rationale for Change:
"Minimum cumulative grade-point average: 2.0 GPR or better for all courses used to meet the degree requirements." is a system policy. See link to UHCCP

The recent establishment of an Oral Communication Focus Board and Oral Communication Hallmarks change the 3 credit Oral Communication Graduation Requirement to a one course Oral Communication Focus Requirement. The 3 credits were added to the electives, changing the electives from 26 to 29 credits. The acceptance of the Oral Communication Hallmarks will replace any preexisting policy rules on accepting Oral Requirement courses.

There may be changes in the Foundation, Diversification, and Focus courses.

Other changes:
Field #1: We use CTE to describe vocational and technical programs which typically offer the AS degree, like ICS, accounting, culinary, digital media, etc. The AA is for our liberal arts students. This degree really does not address CTE programs.
Field #3: All science courses with combined lecture and lab are being decoupled into separate lecture and lab courses for fall 2016.

Teaching (AA)
Modification
Proposed change:
The degree requirements in Item #3 was updated for the following reasons.
1) Many of the ED courses are going through curriculum central to update CLOs and course titles. This program modification includes all correct ED course titles.
2) Clarifications were made in the FW, FS, FG, DA, DS, DB, DP, DY categories with verbiage that states that any approved course in the foundations or diversification field will fulfill that particular requirement. For example, the proposed FW category states
ENG 100 or ENG 100E (or any approved FW course); whereas previously it only stated ENG 100 and ENG 100E. This allows for more flexibility for the student, especially one who may transfer in a foundation or diversification equivalent course to Leeward CC.

3) Changes were made to the Math (FS) requirement to state that Math 112 is the acceptable FS course, not Math 111. This is to be in line with the AA (and UH System) requirements as Math 111 is not considered an FS course. Math 111 was instead moved to the ED elective section of the degree. This was done because students need to take Math 111 before they can take Math 112 and so designating it as an ED elective option allows the course to count towards their AAT degree.

4) The third science requirement in the Graduation Requirements section was removed. Based on our articulation agreements, this third science only benefits Elem Ed majors transferring to UH West Oahu's program. This third science requirement does not help Elem Ed or Secondary Ed majors transferring to UH Manoa, Chaminade or University of Phoenix. Therefore, this requirement was removed and instead the program will now require three ED electives. This is beneficial to the students because most of our articulation agreements accept three or more ED electives. This modification will strengthen a seamless transfer from the AAT program to our partnering universities.

5) The AAT degree is being modified to include two additional education electives; ED 282, Collaboration and Teaming and ED 283, Partnerships with Families. These courses were developed for the SPED/Inclusive Certificate of Competence and will benefit AAT students as they transfer to a baccalaureate program in special education.

Rationale for Change:

The rationale for updating the program is so that it is more in line with AA requirements, that it is a clearer and more flexible degree for students who want to teach at the K-12 levels, and the modifications also better align with our existing articulation agreements promoting a smoother transition from the AAT degree to a baccalaureate teacher education program. This is not a substantive change.
