

DE Committee Report (12/10/2014):

Website / Blog (<http://blogs.leeward.hawaii.edu/decommittee/>)

At our last meeting (12/01/2014) the Distance Education committee took up the following business.

- Work with human resources to collect, update and suggest distance education related hiring questions.
- Revise the DE course peer evaluation to supplement it with an Innovative Online Teaching Award (IOTA) rubric and procedural instructions.
- Working on a single qualitative question end of the year survey to gain feedback from instructors on their DE experience.
- Working to replace the current global question in eCafe with a one that is more reflective of active engaging teaching. "The instructor provided meaningful and regular interaction and opportunities for students to interact with each other."
- Visited by Pete Gross and Helmut Kae to discuss Actional Improvement Plan (AIP) to address the question of whether online and face to face courses assess their SLO's the same.
- Reviewed current DE committee FS bylaws for Eiko Kosasa
