

Faculty Committee Report
January 30, 2019

Co-Chair of the Faculty Committee had a meeting with OPPA to clarify the information the Senators would like to see. OPPA will be presenting late registration for students based on day they registered late (Monday of 1st week of school to the end of late registration). It may be presented on a class by class basis, but total figures should be available as well. OPPA will be looking at the previous four semesters of data (Fall 2018 back to Spring 2017). OPPA is currently overwhelmed but expects the information to be available in two to three weeks. Once the OPPA report is received, a formal meeting will be scheduled.
