

Leeward Community College
General Education Committee Report to Faculty Senate
April 3, 2019

The Gen Ed Committee met on Wednesday, April 3, 2019 to discuss the final revisions to the WICHE Interstate Passport draft.

We focused on categories 8 (Critical Thinking) and 9 (Team Work and Value Systems).

For Category 8, the committee decided to include all the current Gen Ed designations.

For Category 9, the committee decided to include all current Focus courses (OC, ETH, HAP, WI) and DY (lab courses).

We also discussed the S (Sustainability) Focus. After reflection, it was decided that this new focus should not be part of Gen Ed because there is no intention to make it a Gen Ed requirement. Currently the intention is only to create a certificate. It was suggested that the Global Studies Certificate program could serve as a model for the new Sustainability certificate.

Two (2) attachments are appended to this report for your perusal:

- 1) the current Gen Ed Passport
- 2) The proposed Final Draft with revisions of the Gen Ed Passport
