RE: Recommendation for Policy on e-Cigarettes

The Leeward Community College Faculty Senate passed the following resolution (Motion 13-22) at its 10/23/13 meeting: "The Leeward CC Faculty Senate supports a policy that e-cigarettes should be treated the same as tobacco products on campus."

My understanding is that this is essentially the policy preference of the Leeward CC Student Government, and that the issue of e-cigarettes on our campus will possibly be taken up by the Campus Council.

I would be happy to discuss any questions or concerns any of you may have regarding this recommendation.

Thank you for your attention to this matter.

Paul Lococo
Chair, Faculty Senate
