EXHIBITS AND SHOWCASES

Contact us today to discuss potential collaborative efforts to showcase your/your students’ papers, artwork, etc. We will closely work with you to determine the most appropriate course-of-action.

The Library was proud to host an exhibit this summer entitled “A Source of Light, Constant and Never-Fading”. The organization behind the project, Ka ‘Ohana O Kalaupapa, works diligently to honor every individual that was exiled to Kalaupapa and to establish connections between those individuals and their descendants. The exhibit ends on Friday, August 30th, so make sure to stop by before then!

This exhibit provides an example of how the Library can work with you to showcase various projects and media. There are many options in how we can display and promote your work, so contact us today!

To learn more about Ka ‘Ohana O Kalaupapa, go here.

Artwork
An example of some pottery created by Shigeru Miyamoto. His pieces are featured throughout the Library.
New Policy Implemented

This summer, we tackled a large project by reviewing the entire Course Reserve collection. We discovered that some of the books were damaged, many had never circulated, and that there were a few titles which were missing altogether.

To ensure that this does not happen again and to promote a healthy, thriving collection, we will repeat this practice at the end of each semester.

More information about our new policy can be found [here](#). We will continue to work with you to refine this system. We appreciate your patience and understanding.

**LIBGUIDES**

**RESEARCH GUIDES**

- Lists the most useful websites, books, journal articles, newspaper articles, etc.
- Created by trained Librarians to assist students in the research process.
- Each guide is dedicated to one topic.

---

**RESOURCEFUL FORMATTING**

- Different tabs can be used to separate distinct formats
- Various boxes on a page signify separate ideas
- Entire aesthetic makes it easy to use. Students can effortlessly find relevant resources.

---

**EASY TO ACCESS**

- Libguides can be accessed from any computer that has Internet access.
- Students can find Libguides through our website or if they have the direct link.

---

**MAKE A REQUEST!**

- Libguides can be made for any topic you choose. Simply contact the Library to begin the process! Find examples [here](#).
**NEW PRINTING SYSTEM**

During the Fall semester, we will be debuting the capabilities of our two new Xerox machines and transitioning away from our old GoPrint/copy card system. We will continue to accept the copy cards through the Fall so that students have the opportunity to wipe the card of any remaining balance. Copy cards will no longer be sold to patrons. Feel free to contact us if you have any questions or need assistance with the new machines.
