We Want to Redefine and Improve Our Relationship with YOU!

Help Us to Help You!

Aloha Faculty and Staff,

We have several exciting announcements to share with you at the start of our Summer semester. Additionally, we would like to remind you of all the services that we have previously and will continue to offer to you.

This newsletter was conceived to enhance the lines of communication between us and you. We relish the role we play in assisting you with the education of our students. We hope to continue to utilize emerging technologies to consistently refine our services.

Feel free to contact us with any feedback or suggestions you have. We appreciate all of your input and look forward to working with you in the coming years.

Have a wonderful summer!
We hope that you’ll work with us to create an awesome academic experience for all students!

GENERAL INFORMATION FOR YOUR STUDENTS:

Who Can Borrow One?
Any student, faculty, or staff member can borrow an iPad.

Where Can Students Get One?
To borrow an iPad, students should go to the Circulation Desk. iPads are loaned to students on a “first come, first serve” basis.

What is the Loan Period for Students?
Students can borrow the iPad for up to 4 hours.

What Happens if the iPad is Returned Late?
You will be charged $1/hr once the loan period has expired. If the iPad has not been returned by closing, you will be charged the cost of the iPad ($555), a $10 lost-item processing fee, and $10 for overdue fines that have accrued. Should the iPad be returned, the cost of the iPad will be forgiven.

Is My Privacy Secured?
We recommend that all students practice good safety techniques at all times by logging-out of any platforms they’ve entered a password into. On our part, once an iPad is returned, we will wipe it of all private data and any applications that were added to the iPad. It is essentially restoring the iPad to its preset condition.

Embrace the Newest Teaching Trend!

In recent years, the boom in technology has required teachers to alter previous teaching methods. Students have completely different learning styles now, most of which are best targeted through the use of technology. iPads have recently become a main staple in the classrooms of teachers eager to better “reach” their students.

In addition to utilizing various educational applications available through iTunes, teachers appreciate the fact that iPads make it easier for students to learn at an individualized pace. Indeed, iPads create a shift from a teacher-centered paradigm to one that is student-centered. Students reportedly show more interest in the lessons and put more effort into assigned work when learning in a classroom that incorporates iPads. Try and see if iPads can make a difference in YOUR classroom.

Let the Library Help You!

Carina and Natalie will be more than happy to work with you to find the best ways to utilize iPads in your classroom. The library can offer you a private tutorial on iPad basics or assist you in brainstorming lessons with the iPads.

We will be updating the iPads each semester with requested applications, so browse iTunes and let us know what apps you would like to utilize for your classes.

There are 15 iPads available for instructional use. Contact Carina or Natalie to place a reservation or to discuss the general use of the iPads!

Info. Literacy

- Classes teach students basic research skills.
- We can work with you to “specialize” each class and will either host your class or come to your classroom!
- Contact Wayde: (808)455-0378 waydeo@hawaii.edu
**LibGuides/Pathfinders**

**LibGuides!**
- Online subject guides that contain resources to guide students: books, journals, databases, reference materials, websites.
- Accessible from anywhere, granted that you have a computer and Internet access.
- User-friendly format that makes it easy for students to navigate the guide.
- Direct links to websites, Voyager, etc. This makes the entire process enjoyable!

**Pathfinders!**
- Physical subject guides that contain resources to guide students: books, journals, databases, reference materials, websites.
- Can be used as a handout in class. Students can then take it wherever they want, including the library...to check out books!
- Very direct format. Most pathfinders are one page. Thus, all the information is presented in a straight and user-friendly format.

**We Will Make a LibGuide or Pathfinder for Whatever Subject You Request.** Contact Carina or Natalie Today to Get the Process Started!
